

Make Music with Coding

8th Grade GEAR UP

VIRTUAL CODING WORKSHOP

March 6th & 13th 2021

GEAR UP 8th grade students, you have an opportunity to bring science & coding together while creating music (no coding experience necessary)! Sharpen your critical & creative thinking skills as you define problems, design & refine solutions using the TI-Nspire™ II CX graphing calculator to program a TI-Innovator™ Hub to play music on the built-in speaker.

Supplies will be loaned out for this workshop. Participating students will be expected to return equipment upon completion of the workshop.

LIMITED SPACES AVAILABLE

Register [HERE](#) or call the K-12 College and Career Readiness/GEAR UP Office at (260) 467-7287
